

## Val's Back!

---

That's right, Val Belcher, the man who brought Ottawa the "Lone Star Cafe" and "Big Daddy's Crabshack" is back in Ottawa with his latest and greatest restaurant concept, "Big Easy's"!

Bourbon Street comes to Preston Street, with an "upscale casual" dining experience that is not duplicated in the Nation's Capital.

Of course, the "Bayou" staples like chowder, gumbo, jambalaya, and catfish are regular menu highlights. But Big Easy's is that and so much more...

... a fabulous oyster bar with fine wines or cold beer on tap...whatever your preference! Martinis or any cocktail!

Fresh fish and seafood, or AAA Angus Steaks cooked and surrounded as you like by fabulous sides and delicious sauces, a variety of appetizers and crisp salads... did we mention that our desserts are homemade?

Join us for a night out or for Happy Hour on your way home, hospitality is the trademark of a Val Belcher Restaurant!

**It would be our pleasure to serve you!**
